**IRWINDALE FIRE
BURNED AREA REPORT
FILE NO. 2-11.40**

Recommendation

No further action by Public Works is necessary.

Background

Fire Name: Irwindale Fire
Date of Fire: June 12, 2006
Burned Area: 5 Acres
Location: City of Irwindale. Near the junction of the Foothill (210) Freeway and the San Gabriel (605) Freeway in the San Gabriel River. Refer to Thomas Guide Page 568-E6 (2003 Edition). The burned area boundary is plotted on Attachment A.

Summary of Potential Sediment Impact

On June 15, 2006, Water Resources Division staff conducted a field reconnaissance of the burned area looking for residences and/or County facilities that could potentially be impacted by flooding/debris flows during storms. Sediment flow during storms from the burned area is expected to remain within the relatively flat burned area. There are no potential hazards to nearby residences or County facilities.

The approved Burned Area Report will be posted on the Internet at <http://www.ladpw.org/WRD/FIRE/>.

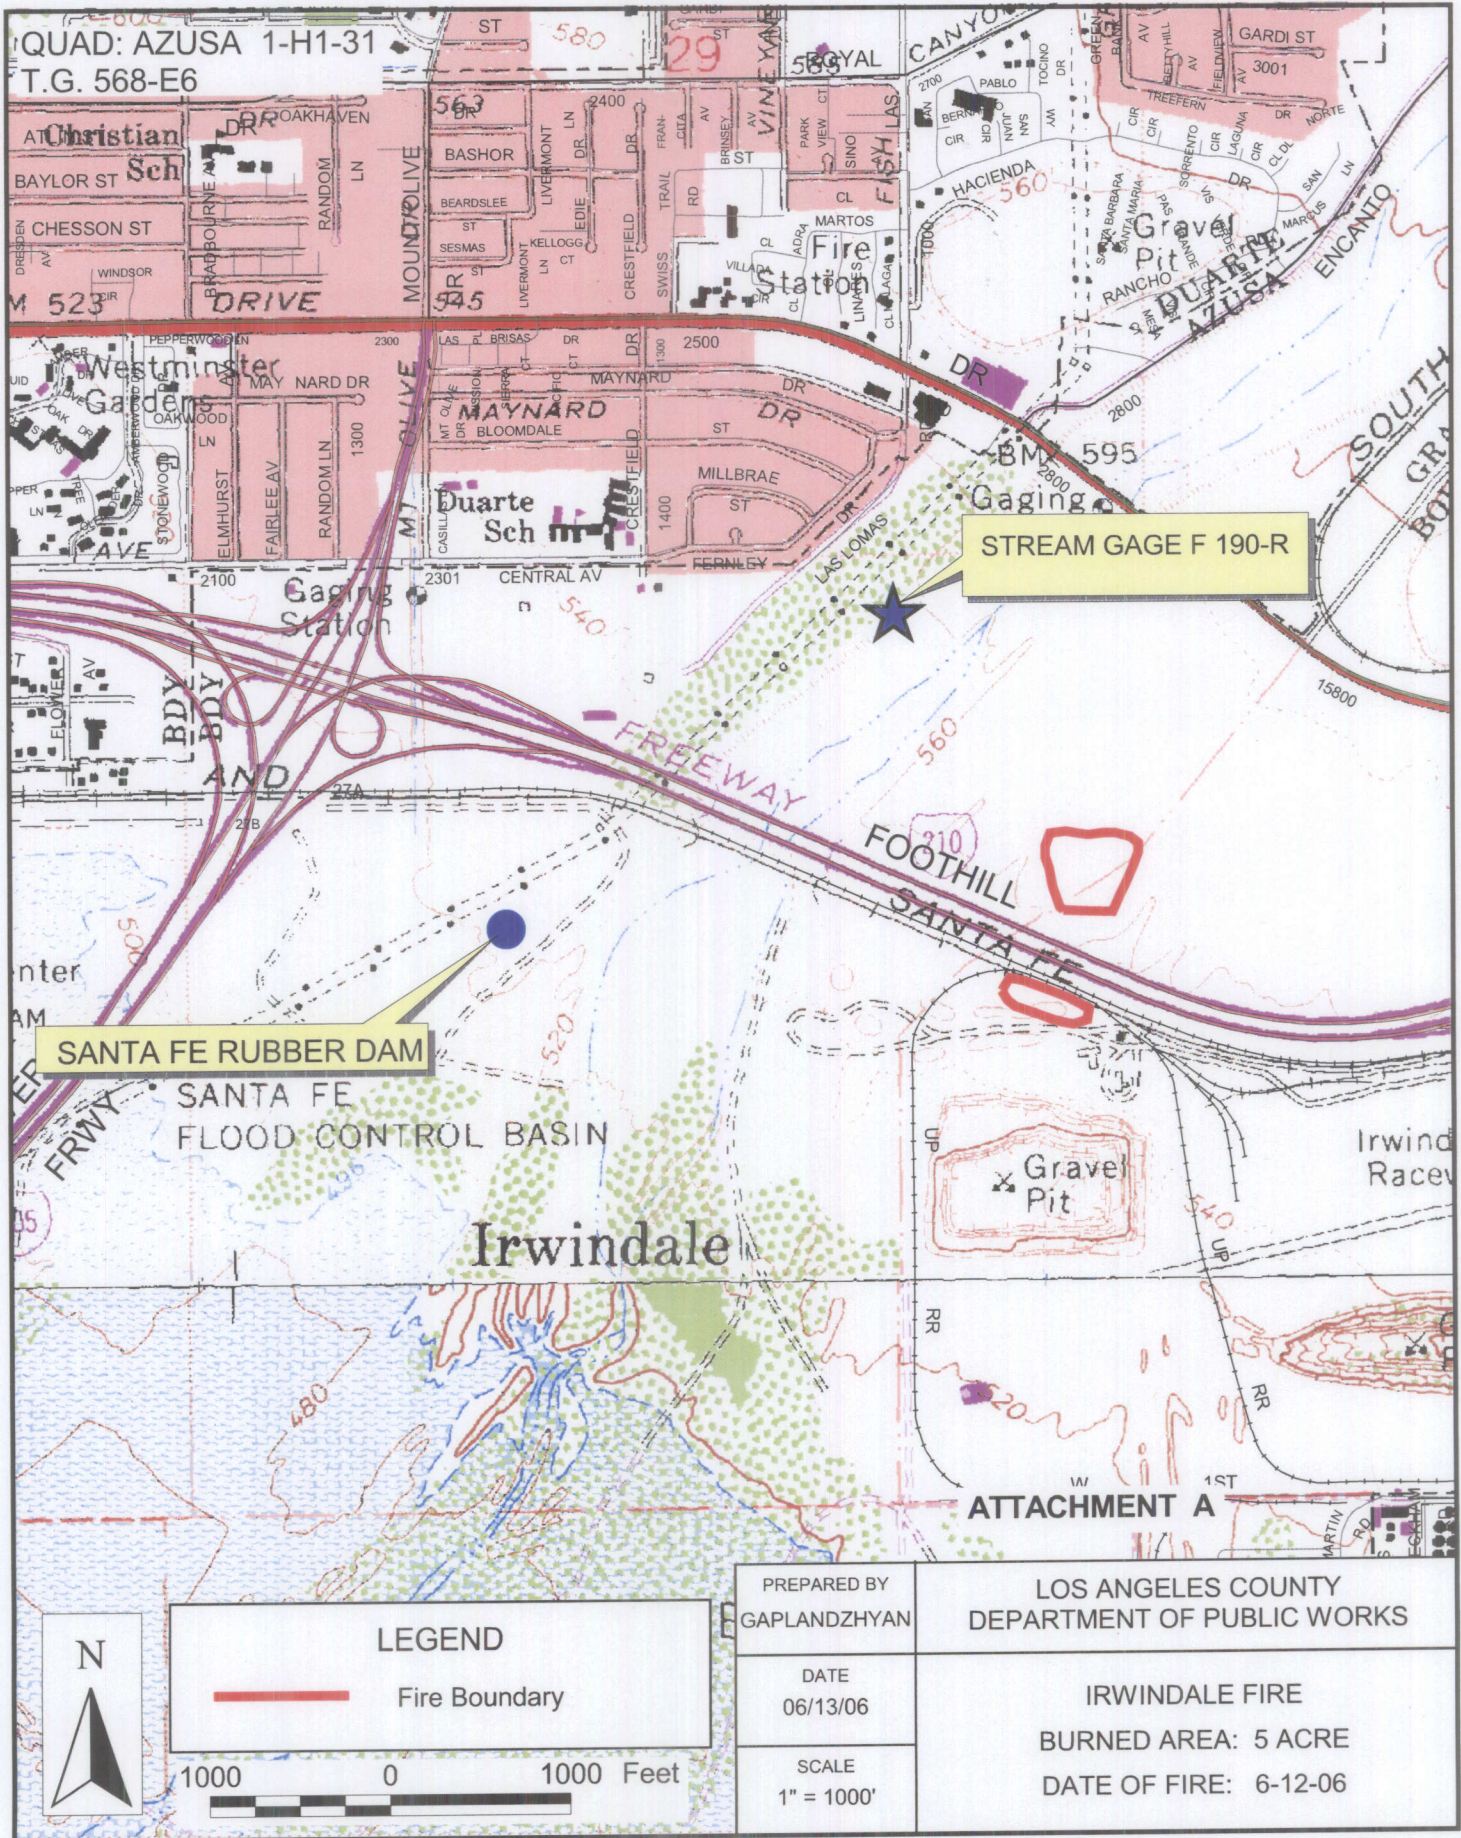

If you have any questions regarding this fire report, please contact Marine' Gaplandzhyan at 458-6170 or William Saunders at 458-6187.
